

The screenshot shows a scanned document page from Adobe Acrobat Pro. The page contains Hebrew text in two columns. A red rectangular box highlights the following sentence in the right column:

בנימין שעהר לחם בטלשו דוקא באבעיטה ימי חיל המונדיה, נציגנו

The rest of the page contains dense Hebrew text, likely a historical or legal document. The top of the screen shows the Acrobat interface with various toolbars and a status bar indicating the page number (311/248) and zoom level (175%).
