*Yossi!!*

It's very rare that I meet someone much younger than me and I feel so close to him like he's my own immediate family! I was introduced to you by my dear friend Yaakov Klugman, and subsequently we went on vacations together, as I tried to share my thoughts to your mom when everyone was sitting and crying after your loss, Yaakov and I gave her a word that we will do something in your legacy! Because you were so full of life so so full of joy it's fitting that we do an album with so many bands and so many different sounds because you embodied unity and connection to every type of human being! No matter the ethnicity! Every time I think about you I smile and thank God I met you! And every note that I sang on this album I had the same smile on my face thinking of you, my children and my wife Jenine will never forget you Yossi! You were so mature beyond your years! I can still hear your voice singing with me! I have no doubt that you're praying for all of us and for all the people that suffered that tremendous tragedy, I have no doubt you're praying for the orphans and the downtrodden, because you had an unconditional heart and love for our Nation! We will continue to try to "Elevate" Your soul with good deeds down here! We will all try to continue to find our song and sing it out loud with you in our minds always Amen!!

---

*My dear friend Yaakov Klugman,*

You have told me many times how much you want to perpetuate and elevate Yossi's name and memory. Now, when I listen to the final product I know that Yossi was with us every step of the way. I have no doubt in my mind that everyone listening to this will be elevated and inspired by Yossi. Thank you for always pushing us to "Elevate" our game! B'ezrat hashem one day we will all sing with Yossi again.

*Yaakov Shwekey*

Dear Yossi,

I hope you're doing well because for all of us who know you it's been rough. The day I met you was the greatest day of my life. You were my best friend; no matter how much I thought you made my life better and no matter how much I looked forward to each time I would see you, nothing could have prepared me for how much I would miss you now that you're gone. My whole family, my wife and my kids Yehuda, Malka, & Adina all miss you terribly. Yossi, you had every reason to be unhappy in life and yet not only were you the happiest person I know, you made everyone around you happy. Yossi, you had such humility and the way you loved life, *torah*, *mitzvas*, people, music; you were not just an inspiration to me but to everyone who knew you. Yossi, this album is for you, I hope it becomes your legacy, a reminder to everyone of who you are and so that you are never forgotten. It's an album you would have been proud to be a part of. An album that spreads love, that connects all different types of music from *Klal Yisrael*. Yossi I hope you can hear this and that you are dancing and singing along.

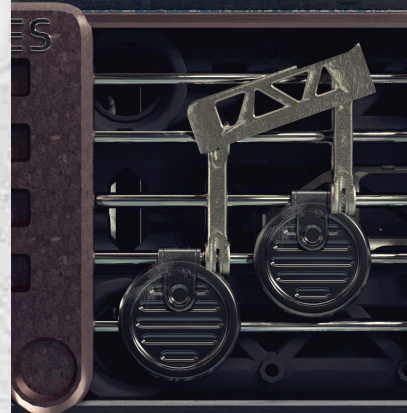

Yossi, I love you brother.

---

To Yaakov,

It was my honor to have introduced you to Yossi. I can think of no one better to take on such a project in his memory. May we only share in simchas.

Yaakov Klugmann

## A HOUSE OF MUSIC PRODUCTION

### *Special Thanks*

**Naftali Schnitzler** - First time working with you Naftali!, You showed a tremendous ability which was not so easy with eight different bands, but you did it very smoothly and made it so easy. Every single medley has its own sound and its own personality. I very much appreciate your professionalism and your friendship!

**Hershey!!** Was phenomenal working with you throughout this monumental historic project, your life and energy and artistic ability it's truly incredible!

**Izeek Daniel** - It's not underappreciated your hard work and effort, paying attention to the little details needed. I'm really thankful for your dedication, hard work, and effort!

**Jack Levinson/Mann Sales Co** - From the moment we entered the elevator at your place, you elevated this project, brought that final touch, and somehow everything made sense. Thanks for the amazing work!

**Sruly Meyer** - Keeping it together, making sure we're all on the same page. Looking forward to do great things!

**Yitzy Waldner** - Your friendship and dedication throughout all the years, means a lot to me. Looking forward to create great music, Bezh.

My wife, **Jenine** - Words can't describe the appreciation, time, effort, and that's besides holding up the home, and dealing with so much, to help so many people, you're always there to dedicate yourself to any project, and any challenge, in a way that no one could, there are no words to express my appreciation.

**To my dear children, my new son-in-law** - You're my world! Keeping the music alive! **[Menachem** - you sound so sweet on this album...]

My **in-laws**, my **parents**, my **siblings** - you are one of a kind!
