

# מספרים ממלאים

מלאו את התשבץ במספרים הנכונים כך שהמספר בסוף כל שורה יתאים למספרים שבתוך התשבץ!

$$\begin{array}{ccccc} \square & + & \square & + & \square = 20 \\ + & \blacksquare & + & \blacksquare & \div \\ \square & + & \square & - & \square = 0 \\ + & \blacksquare & - & \blacksquare & \times \\ \square & \div & \square & \times & \square = 12 \\ = & & = & & = \\ 22 & 6 & 2 \end{array}$$

$$\begin{array}{ccccc} \square & + & \square & \times & \square = 54 \\ \times & \blacksquare & + & \blacksquare & \div \\ \square & - & \square & \div & \square = 1 \\ \div & \blacksquare & - & \blacksquare & \times \\ \square & + & \square & - & \square = 6 \\ = & & = & & = \\ 18 & 6 & 18 \end{array}$$

$$\begin{array}{ccccc} \square & + & \square & + & \square = 10 \\ + & \blacksquare & \times & \blacksquare & \times \\ \square & + & \square & + & \square = 12 \\ + & \blacksquare & - & \blacksquare & + \\ \square & + & \square & + & \square = 23 \\ = & & = & & = \\ 10 & 12 & 23 \end{array}$$

$$\begin{array}{ccccc} \square & \times & \square & \div & \square = 15 \\ + & \blacksquare & + & \blacksquare & + \\ \square & \times & \square & \div & \square = 14 \\ - & \blacksquare & - & \blacksquare & - \\ \square & \times & \square & \div & \square = 27 \\ = & & = & & = \\ 9 & 5 & 5 \end{array}$$

$$\begin{array}{ccccc} \square & + & \square & + & \square = 11 \\ + & \blacksquare & \times & \blacksquare & \times \\ \square & + & \square & + & \square = 17 \\ \times & \blacksquare & - & \blacksquare & + \\ \square & + & \square & + & \square = 17 \\ = & & = & & = \\ 11 & 17 & 17 \end{array}$$

$$\begin{array}{ccccc} \square & + & \square & + & \square = 18 \\ + & \blacksquare & + & \blacksquare & + \\ \square & \div & \square & - & \square = 1/2 \\ + & \blacksquare & + & \blacksquare & + \\ \square & + & \square & \div & \square = 3/2 \\ = & & = & & = \\ 24 & 8 & 13 \end{array}$$

$$\begin{array}{ccccc} \square & + & \square & + & \square = 16 \\ + & \blacksquare & + & \blacksquare & + \\ \square & + & \square & + & \square = 8 \\ + & \blacksquare & + & \blacksquare & + \\ \square & \times & \square & \times & \square = 288 \\ = & & = & & = \\ 11 & 14 & 20 \end{array}$$

$$\begin{array}{ccccc} \square & + & \square & - & \square = 5 \\ \div & \blacksquare & \times & \blacksquare & \times \\ \square & + & \square & - & \square = 5 \\ - & \blacksquare & \div & \blacksquare & \div \\ \square & + & \square & \times & \square = 10 \\ = & & = & & = \\ -6 & 18 & 35 \end{array}$$

$$\begin{array}{ccccc} \square & + & \square & + & \square = 20 \\ + & \blacksquare & + & \blacksquare & + \\ \square & + & \square & + & \square = 10 \\ + & \blacksquare & + & \blacksquare & + \\ \square & + & \square & + & \square = 15 \\ = & & = & & = \\ 7 & 23 & 15 \end{array}$$

**בהצלחה!**
