# Qui Robinez, Melliflous

128 sounds for the Korg Pa4x.

Thank you for downloading this soundset.

This sound set is made exclusively for the Korg Pa4x Keyboard. It uses lots of the special features that the Korg Pa4x synth engine has to offer.

There are Pianos, Bass, Fast Synths, Lead and Pad sounds in this set. The set is divided in two parts. The first 64 sounds are programmed with WET effect settings, these are created to play solo with or to use in the upper and lower slots of styles. The second set of 64 sounds are the same sounds but this time with effect settings that are more dry. These are created to use when you play in a band (or if you don't really like FX on your sounds). Although these are the same sounds, the dry effect programming has a drastic effect on how the program sound, so definitely try both type of sounds to see which you like more.

You can find the sounds by pressing the Sounds button and then the User tab on the touch screen. In sound 1 you will find the 128 sounds i've created for the Korg Pa4x.

Tab 1 - 8: Here you can find the sounds with wet effect setups. You can recognise them with the name QR at the end.
Tab 9 - 16: Here you can find the sounds with dry effect setups. You can recognise them with the name #QR at the end. If you see a # symbol in the name then you know that you play that sounds with dry effect settings/

Disclaimer:

All sounds can be used freely in any commercial and non-commercial musical production. It's NOT allowed to redistribute the content in this sound set without permission of Qui Robinez.

Installation Guide
The Melliflous sound library will be loaded in Sound - USER - Sound 1 Bank

Be sure that you don't have any sounds in that bank that you want to save, because those locations will be overwritten. If you want to save your own sounds then save your current bank first in a backup, or load the sound set in a free bank on your pa4x.

* you can create a backup by pressing the media button then the Save tab, then press the ALL button, then save to button and select a location to save the backup.

To install the Melliflous Sound Library do the following steps:

- · Unzip the MELLIFLOUSQR.zip file
- · You will have 2 files:
  - o MELLIFLOUSQR.SET (the sound data file)
  - o MELLIFLOUSMANUALQR.PDF (the Manual)
- · Copy the MELLIFLOUSQR.SET file to an USB drive (thumb drive)
- · Connect the USB drive to the Pa4x
- · Now press the Media Button
- - Press the load tab on the bottom of the touch screen
- - Press the dropdownlist on the bottom of the touch screen and select your usb drive
- - Select the MELLIFLOUSQR.SET file
- · press the *Load* button and select Yes to load the sound library in Sound - User - Sound 1

To check the sounds:

- - Press the Sound button
- - Press the user tab on top of the touch screen
- - Press the Sound 1 tab on the left of the screen

Here you can find the sounds in tab 1 - 16 starting with the sound: Distant Echo QR

Donations

Originally this set was intended to sell as a commercial library. But the world is changing, my view is that everyone should be able to use the sounds that i create. Therefor this sound set is free of charge. But if you are really pleased with it and you want to show your appreciation then a donation would be greatly appreciated.

If you want to give a donation for this set, then please contact me at: info@quirobinez.nl or through the contact form on my website. For the people that contact me for a donation i will show some extra appreciation by sending them a korg Pa4x song library i created (and demo'd) which are programmed to use the sounds from this sound set..
